

Elephant's Echo

Elephant is listening
To echoes in a cave.
Listen to the sound repeat
Then slowly fade away...

e e e e e e ...

When that 'e' sound hits the wall,
It bounces all around,
Bouncing like a bouncy ball
Of endless moving sound.

e e e e e e ...

So let's all make an echo
To bounce around the cave
Listen to the sound repeat
Then slowly fade away...

e e e e e e ...

Raise your hands
to your mouth to
call out an echo.
