

Insect's Incredible Trick

Insect can do an incredible trick,
She lands on the end of a very skinny stick.
She flutters her wings and smiles so slick
As she plants her feet down on the stick.

Use your fingers to
show how insect
lands on the stick.

Quick, quick, come quick! She's doing her trick!
She lands precisely on the stick!
With your hands now show your friends
How she lands upon her stick!
