

Vulture's Violin

Out in Vulture's greenhouse,
There's a vicious plant that bites!
It will try to eat you
If it gets you in its sights!

To send that Flytrap off to sleep,
There is only one thing...
The Venus Flytrap falls asleep
To the sound of the violin!

Play the violin.

v-v-v, violin
v-v-violin
v-v-v, violin
Vulture's Violin!
